Helping people find and follow  
Jesus seven days a week.

**Position:** Audio Engineer – FOH / Broadcast / Monitors (Independent Contractor)

**Location:** La Mesa, CA & Lakeside, CA

## THE ROLE

Skyline Church is seeking an experienced Audio Engineer to serve as an independent contractor supporting worship services and special events across multiple campuses. This role may serve in front-of-house (FOH), broadcast, or monitor engineer capacities depending on service needs and scheduling. The ideal candidate is technically skilled, adaptable, and experienced with professional digital audio systems in both live and broadcast environments.

The Audio Engineer reports to the Audio Director and/or Production Director. This role works primarily weekends and special events (rehearsals, services, holidays).

## VALUES & ENVIRONMENT

Skyline Church is a ministry-focused environment. Audio Engineers are expected to conduct themselves professionally and in alignment with the mission and values of Skyline Church.

## KEY RESPONSIBILITIES

- Serve as FOH, broadcast, or monitor engineer as assigned for services and events
- Operate and mix live music, vocals, and spoken word for clarity and consistency
- Configure and manage Dante audio networking workflows
- Operate Yamaha digital consoles and associated workflows
- Manage stage monitor mixes including wedges and/or in-ear systems
- Mix broadcast/livestream audio with attention to translation and balance
- Troubleshoot audio, network, and signal flow issues during services
- Coordinate with Audio Director and/or Production Director and production teams
- Maintain organization and care of audio equipment and systems
- Support audio needs for special services and events

## REQUIRED SKILLS & EXPERIENCE

- Proven experience as a live and/or broadcast audio engineer
- Ability to mix FOH, broadcast, and/or monitors as assigned
- Strong knowledge of Dante networking (routing, clocking, troubleshooting)
- Hands-on experience with Yamaha digital mixing consoles
- Strong understanding of signal flow, gain structure, EQ, and dynamics
- Reliable, punctual, and calm under pressure

## **CONTRACTOR EXPECTATIONS**

- This is an independent contractor role, not an employee position
- Contractor may be scheduled in different audio positions based on need
- Contractor provides personal tools as appropriate
- Contractor invoices per agreed terms and is responsible for applicable taxes
